

Dance the Kung Fu

Carl Douglas

Dance The Kung Fu
You just dance The Kung Fu
Yeah, dance The Kung Fu, this is all you do now
You just dance The Kung Fu You swing to your left then you swing to your right
This new dance people is pure dynamite
Every step is poetry in motion
Let the rhythm take your devotion So when you feel like you wanna fight
People listen to me, oh
Don't get uptight
This is all, this is all you do Oh oh, dance The Kung Fu, I'll tell you what to do
Dance The Kung Fu, y'all
Dance The Kung Fu, that's what I do
Dance The Kung Fu You put your hand to the hand then you make a little stand
You jump and dip, your back up stiff
Moving with the grace of a butterfly
Take yourself away on a natural high You feel like you wanna fight
Listen to me people
Don't get uptight
This is all, this is all you do Oh oh, dance The Kung Fu, what to do
Dance The Kung Fu, don't fight
You just dance The Kung Fu, I'll tell you what to do
Dance The Kung Fu Come on, move around
Never see what you're putting down
Step in line, come feel the groove
Doin' fine, you got nothing to lose Dance The Kung Fu, this is all you do
Dance The Kung Fu, don't fight
Dance The Kung Fu, I'll tell you what to do, y'all
Dance The Kung Fu Peace and love, sweet as a flower
You can do this new dance
Hours and hours and hours
