

# Scream

## Collective Soul

Two three four  
Yea, yea, yea, yea Push me to the left, hold me to the right  
I never know, where to move  
(Yea, yea)  
Burnin' that trail to the promised land  
You're movin' on out of control  
(Yea, yea)  
I don't wanna be some puppet on a string  
I don't wanna learn from things you can't explain  
And I don't wanna have your views on everything  
I just want to scream Scream about hurtin'  
(Yea, yea)  
Scream about mercy  
(Aah, aah)  
Scream about somethin'  
(Yea, yea)  
Scream about nothin'  
Let her out now  
(Yea, yea, yea, yea) Take me to the hills, leave me in the plains  
Give me some more room to breathe  
(Ooo, yea, ooo, yea)  
Would you spill, the moves you make?  
I find them all hard to believe  
(Ooo, yea, ooo, yea)  
I don't wanna be statistic in a street  
I don't wanna give when all you share is greed  
And I don't wanna have one more enemy  
I just want to scream Scream about hurting  
(Yea, yea)  
Scream about mercy  
(Aah, aah)  
Scream about something  
(Yea, yea)  
Scream about nothing  
(Oh oh oh) Carry on girl  
(Yea, yea, yea, yea)  
There you go with all your might  
Giving promises by degree  
(Ooo, yea, ooo, yea)

Well God is great and God is good  
But God you'll never be  
(Ooo, yea, ooo, yea)  
I don't wanna be your hospitality  
I don't wanna live with false reality  
See I'm the one obsessed with truth and honesty  
I just want to screamScream about hurtin'  
(Yea, yea)  
Scream about mercy  
(Aha)  
Scream about somethin'  
(Yea, yea)  
Scream about nothin'  
(Aha)  
Scream about hurtin'  
(Yea, yea)  
Scream about mercy  
(Aha)  
Scream about somethin'  
(Yea, yea)  
Scream about nothin'
