

Clock Strikes Ten

Cheap Trick

Clock strikes ten, it's a Saturday night
Money in my pocket and it feels all right
Not stayin' home, gonna stay out late
Gotta hear some rockin' music till it feels just great
Clock strikes twelve, it's a Saturday night
All the creeps are sleepin', all the cools in sight
All the kings and queens, they're out tonight
Lookin' for some action till it feels all right
Imagine what we're doin' tonight
You really got me goin' tonight
Imagine what we're doin' tonight
I'm crazy for some action tonight
Clock strikes two, I'll be out all night
All my money's spent but that's all right
Not goin' home, gonna stay out late
Get ready for some action, want some action tonight
Clock strikes four, I want some more
Everybody's layin' on the floor
Not goin' home, gonna stay out late
Gotta get rockin' before it's too late
Imagine what we're doin' tonight
You really got me goin' tonight
Imagine what we're doin' tonight
I'm crazy for some action tonight
Gonna get down from the pillar above
Gonna get down, gonna get on down
Gonna get down, gonna get on down
Gonna get down, gonna get down
Gonna get down, gonna get on down
Get down, gonna get on down
Get down gonna, get down gonna
Get down na na na na na na na na
Imagine what we're doin' tonight
You really got me goin' tonight
Imagine what we're doin' tonight
I'm crazy for some action tonight
Imagine what we're doin' tonight
You really got me goin' tonight
Imagine what we're doin' tonight
I'm crazy for some action tonight
Imagine what we're doin' tonight
You really got me goin' tonight
Imagine what we're doin' tonight
I'm crazy for some action tonight
