Stay (With Me)

Nina

When I think about the times,
I believe I knew the ways of love..
All the chances that I took,
I thought I knew it all..
Even when I wonder how,
I made it through it all..
I know I do it all, over again?

Stay with me you and I will always be
Close to each other
Stay with me loving you is so easy
Please won?t you stay with me..

When I look into your eyes
I don?t mean to hear the words of love
I can feel it in my heart
You have a way with me
And I feel so good each time
I hear you say to me
Leaving each day with me
Is all that you mean

Stay with me you and I will always be
Close to each other
Stay with me loving you is so easy
I want you always
Stay with me everyday with me
Stay with me, stay?.

(Instrumental)

Stay with me everyday with me
Stay with me,
Stay with me you and I will always be
Close to each other
Stay with me loving you is so easy
I want you always

Forever and ever, forever and ever?
Whoooaa, stay with me

Loving you is so easy
Please won?t you stay with me?
