

Stop!

Erasure

We'll be together again
I've been waiting for a long time
We're gonna be, we're gonna be, together again
I'll be connected to the right line
We'll be together and nobody and never
Gonna disconnect us, or ever separate us
Or say to us you've got to Stop, stand there where you are
Before you go too far
Before you make a fool out of love
Stop, don't jump before you look
Get hung upon a hook
Before you make a fool out of love We'll be together again
And I've been waiting for a long time
We're gonna be, we're gonna be together again
I'll be connected to the right line
We'll be together and nobody and never
Gonna disconnect us, or ever separate us
Or say to us you've got to Stop, stand there where you are
Before you go too far
Before you make a fool out of love
Stop, don't jump before you look
Get hung upon a hook
Before you make a fool out of love We'll be together and nobody and never
Gonna disconnect us, or ever separate us
Or say to us you've got to Stop, stand there where you are
Before you go too far
Before you make a fool out of love
Stop, don't jump before you look
Get hung upon a hook
Before you make a fool out of love Stop, stand there where you are
Before you go too far
Before you make a fool out of love
Stop, don't jump before you look
Get hung upon a hook
Before you make a fool out of love Stop, stand there where you are
Before you go too far
Before you make a fool out of love
Stop, don't jump before you look
