

This Place Is Deserted

[Limbeck](#)

I don't know where she gets her Chinese dollars.
I can't believe I've gotta memorize numbers.
It was a great desert. It is a great desert.

I had some covering up to do,
And I was hoping that she'd help me do it.
I'm sorry that sentence was very vague.
It's my luck they'll misconstrue it.

But I like it that way.
Yeah, I like it that way.
It was a great desert.
It is a great desert.

I don't miss the TV much.
It's not important.
