Stalker Song

Danzig

No one knows my name, where I come from
No one sees my face, sees me comin'
You can never hide if I want you
You can't even try, keep from cryin'I wish you could
Comin' in your hole, I wish you could
Comin' in your home, I wish you could
I'm comin' in your home, I wish you couldNo one sees my face, sees my pain
No one can see my shape in the shadows
You can feel the dark when it's stalkin'
I can slip right in whenever I want youI'm coming in your home, I wish you could
I'm coming in your hole, I wish you could
I'm coming in your home, I wish you could
I'm coming in your hole, I wish you couldI wish you could
I'm coming in your home, I wish you could
I'm coming in your home, I wish you could
I'm coming in your home, I wish you would
