Home Tonight

Mis-Teeq

Home tonight, home tonight
Home tonight, home tonightOoh, take a walk in the park under the stars
Baby, take my hand, the night is ours
I never knew what loving you could do
I'm feeling like I wanna follow throughYou look into my eyes and
You make my temperature rise and
You keep me fantasizingYou can take me home tonight
I'm not making promises
Don't make it more than what it isYou can take me home tonight
Take it slow, boy, we can chill
If I'm feeling it I willMaybe
(Would you let a thug give you a hug?)
Maybe
(Maybe stroke your back till you fall in love)
Maybe
(If it's cool can I kiss you please?)
Maybe
(Love you down till we fall asleep)Ooh, now you got me where you want me to be
But I won't give in too easily
I look at you and I can't help myself
My mind says, "Wait", my body's saying, "Yes"You look into my eyes and
You make my temperature rise and
You keep me fantasizing, babyYou can take me home tonight
I'm not making promises
Don't make it more than what it isYou can take me home tonight
Take it slow, boy, we can chill
If I'm feeling it I willMaybe
(Would you let a thug give you a hug?)
Maybe
(Maybe stroke your back till you fall in love)
Maybe
(If it's cool can I kiss you please?)
Maybe
(Love you down till we fall asleep)My heart's racing, my body's aching
From dreams of making love all night
It won't take much, I'm weak, one touch
Just might do this if it's wrong or it's rightYou can take me home tonight
I'm not making promises
Don't make it more than what it isYou can take me home tonight

Take it slow, boy, we can chill
If I'm feeling it I willMaybe
(Would you let a thug give you a hug?)
Maybe
(Maybe stroke your back till you fall in love)
Maybe
(If it's cool can I kiss you please?)
Maybe
(Love you down till we fall asleep)You can take me home tonight
I'm not making promises
Don't make it more than what it isYou can take me home tonight
Take it slow, boy, we can chill
