

# Ditched Romance

Ania Ziemirska

Sitting there across the table  
Iâ€™d like to say hello but Iâ€™m not sure Iâ€™m able  
And besides, what might you do?  
Youâ€™ve been around here for a while  
I guess I could forgive you for that smile  
But I think, it might be too late

What if I ditched romance?  
What if I just took this chance?  
For once I could do something crazy  
Future seems a little hazy

Seems youâ€™ve got me mesmerized  
All it took was one look in your eyes  
Oh no, Iâ€™m losing control  
Youâ€™ve got me feeling so at ease  
It wonâ€™t be long before Iâ€™m begging please  
Babe, can I take you home?

What if I ditched romance?  
What if I just took this chance?  
For once I could do something crazy  
Future seems a little hazy  
What if I did?

Youâ€™re so innocent as you kiss my cheek goodnight  
And I donâ€™t put up a fight  
Proper lady has to do whatâ€™s right

But what if I ditched romance?  
What if I just took this chance?  
For once I could do something crazy  
Future seems a little hazy  
I could skip the heart ache, baby  
What if I ditched romance?  
What if I ditched romance?  
What if I ditched romance?
