## **Sleep All Day**

## **Jason Mraz**

His after moan though cries oh no He's building up a shine but he take it slow And he knows it's time to make a change here

And time to get away

It's time for all the wrong reasons

Time to end the painBut he sleep all, we sleep all day

Sleep all, we sleep all day over

Why don't we sleep all, we sleep all day

Sleep all, we sleep all day over? She said what would your mother think of all this

How would your father react, oh Lord?

Would he take it all back what they've done

The way they said take it, take it?

And he said make it with your own two hands

That was my old man and he said

"If all is grounded you should go make a mountain out of it"Oh what a lovely day to slip inside a humbled mind
Oh recalling of the while we used to drive and drive here and there

Going nowhere but for us, nowhere but the two of us

And we knew it was time to take a chance here

In time to compromise our lives just a little while

And it was time for all the wrong and, lonely lonesome reasons

But time is often upon my side I'm gonna give it to you tonightAnd we sleep all, we sleep all day

Sleep all, we sleep all day over

Why don't we sleep all, we sleep all day

We sleep all, we sleep all day

Over and over over and over again? As time goes by we get a little bit tired of waking

And baked another Marlboro mile wide

It's sending the boys on the run in the time in the hot summer sun

To swim beneath or over outside

Still they're reading between the lines

But they remember the part in the Hallmark Card

Where they read about the dreams

And reaching for the stars to hold on a little bit closer to

And they knew it was time, time to take

And take love time to chance here

Time to compromise our to occupy their lives

And it was time for all the wrong reasons so

But the time is often upon my side and I give it to you, oh boyAnd we sleep all, sleep all day, sleep all

We sleep all day over and in the end it is okay

Why don't we sleep all, we sleep all day

We sleep all, we sleep all day over and over? She said what would your mother think of all this How would your father react, oh Lord?

Would he take it all back what they've done

The way he said take it, take it?

And don't break it with your own two hands

That was my old man and he said

"If all, all is grounded you should go make a mountain out of it"Love to make a mountain

Go on and on and on

Where you should go on make a mountain out of it and love

Go on and go on and

Go on and make a mountain

Go on and make a mountain

Go on

You should go on and make a mountain

Out of it
