

Gimme Some

Nina Simone

Lovin' is the thing I crave
For your love I'd be your slave
Gimme some
I can't stand it no longer
Gimme some
Don't be bashful, come over here
Whisper some sweet words in my ear
'N' gimme some
Gimme some
I can't wait eight days
Gimme some
Come on over here and fill my cup
Love me so hard I can't stand up
Gimme some
Gimme some
Don't you know I love it?
Gimme some
Just a closer walk would be
Doo wah diddy daddy one two three
Gimme some
Gimme some
You know I have to have it
Gimme some
I know that you wanna do what's right
Just come on and love me all night
And gimme some
I tell ya, I want some
I can't stand it no longer
Gimme some
I like cornbread nice and yellow
So I want you to be my fellow
Gimme some
Gimme some
Don't you know I love it, daddy?
Gimme some
One of these mornings, just about dawn
You'll be working on my lawn
Gimme some
Gimme some

I can't stand it no longer
Gimme some
I declare to my man
You gonna drive me stone insane
Gimme some
Gimme some
I can't wait eight days
Gimme some
I like fried chicken, you know it's true
But there's no sweeter meat in the world than you
I want some day to be your wife
So you can thrill me the rest of your life
So stop stalling
Finish your drink and let's get falling
Gimme some
Gimme some
I can't stand it no longer
Why don't you gimme some?
