

Never Let Down

[Andrew W.K.](#)

Never want to break your heart
Never want to make you cry
Never want to give up and die Even if you can't stand up
Even if you lose your life
I'm a friend by your side
You're never gonna be alone You can never let down
Never let down
You can never let down
Never let down Never want to make mistakes
Never want to do no wrong
Never have a place to belong And I'm never gonna leave you out
If you ever lose your way
Not alone or betrayed
I'm always gonna be around You can never let down
Never let down You're doing alright
You're doing ok
Just follow your heart
And don't run away You can never let down You're doing alright
You're doing ok
Just follow your heart
And don't run away You can never let down You're doing alright
You're doing ok
Just follow your heart
And don't run away Never want to break your heart
