

# Shake Me Like A Monkey

## Dave Matthews Band

The thing I like about you  
Is the way you  
The way that you do  
The thing I like about you  
God and the devil alone  
Could not have made you up  
The two must have worked  
As one together  
So good just wanna eat you up  
Nothing like the real thing  
Lick your sticky fingers boy  
And sing for your dinner sing  
Come on pretty baby  
Make me lose my mind  
Everybody get together  
Gonna make love shine  
Do you know what it is  
To feel the light of love inside you?  
And all the darkness falls away  
If you feel the way I feel  
Then believe we have the answer  
I've been searching for tonight  
Love me baby love me baby  
Shake me like a monkey baby  
Forever I'm yours yours yours  
Yeah forever I'm  
I, I, I  
Can't stop thinking about you  
Yeah yeah yeah  
Why would I want to  
I like my coffee with toast and jelly  
But I'd rather be licking  
From your back to your belly  
I, I, I  
Think I'm going to  
Do you know what it is  
To feel the light of love inside you?  
And all the darkness falls away

If you feel the way I feel  
Then believe we have the answer  
I've been searching for tonight  
Love me baby love me baby  
Shake me like a monkey baby  
Forever I'm yours yours yours  
Yeah forever I'm  
Cigarettes and coffee  
Broken hearts and being lonely  
Little girls and ponies  
Things that go together  
Yes and no  
You have to choose  
Romeo and Juliet  
The hang man and his noose  
You and me we go good together  
Kiss kiss make a wish  
Hope that it comes true  
I ain't waiting for the world to change  
Gonna change the world for you  
Come on pretty baby  
Make you lose your mind  
Everybody get together  
Gonna make love shine  
Do you know what it is  
To feel the light of love inside you?  
And all the darkness falls away  
If you feel the way I feel  
Then believe we have the answer  
I've been searching for tonight  
Love me baby love me baby  
Shake me like a monkey baby  
Forever I'm yours yours yours  
Yeah forever I'm  
Come on everybody  
Make me lose my mind  
Everybody get together  
Gonna make love shine
