

I Burn

Psordid

Like vomit coming from the devil's mouth
And I'm dying in the darkness I adore
Sometimes I lay by myself
And I wonder what I'm living for

Falling, when I can't fall more
Without You I burn
Falling, when I can't fall more
Without You I burn

Like a virus burning in my soul
I pray to You, for Your love
My Redeemer, my Savior, my Maker, my Father
My Love, my God

Without You I just can't bare
Without You I'm beyond repair
All Your love and grace around me
All Your love and grace inside me

Falling, when I can't fall more
Without You I burn
Falling, when I can't fall more
Without You I burn

It's hard to feel Your love
When I see what my life has been
It's hard to see Your love
With my eyers covered in sin
