

# Followed the Waves

## Auf Der Maur

Feel me  
Sneaking around again  
Am I hanging around again  
Can't you see  
That my heart lies  
My heart lies to you  
I followed the waves to you  
I've got to see it through  
That My heart lies to you  
Never have me true  
(I lie I lie)  
Please don't  
Please don't make ammends  
See me  
See me slip again  
Break my heart  
Carve the fate  
Seal the deal  
My heart liesMy heart lies to you  
I followed the waves to you  
I've got to see it through  
That my heart lies to you  
You'll never have me true  
I followed the waves to you  
I've got to see it through  
That my heart lies to you  
I'll never stay with you  
Between my fire sighs  
And my burning eyes  
My heart burns wildy in his eyes  
He's just a drunken gambling man  
Dealing with the hands of desires span  
I'm gonna shuffle his deck clean  
I'm gonna shuffle his deck clean
