Promise Not To Think About Love

Basia Bulat

Not to think about love
But to see the way you play it
I have taken a vow
Now I want to hear you say it
Are you troubled at all
If I make no hesitation
When you ask me not to think about love?
I don't think about love
When I see you kiss another
It won't matter at all
No I won't hold to its power
I have given it up
And I've seen the final hour
When I tell you I don't think about love
I don't think about it
And I won't sing about it now
I promise not to think about love
I don't think about love
I don't need the incantation
I have given it up
Oh, I had my reservations
Were your friends there at all?
Did they offer consolation
When I promised not to think about love?
I don't think about it
And I won't sing about it now
I promise not to think about love
Promise not to think about love
Promise not to think about love
Promise not to think about love
