

End of Time

Danzig

The suffering's here, the wait is gone
The streets are filled with a hollow song
 Got a new death, it lurks outside
Follows me home, waiting for me
 Lost your soul
 Doomed and cold, yea
 Lost your soul
Doomed and cold, yea alright
A hum in the ear, numbness comes
 Feeling like you're almost home
 The open arms, tempting embrace
It's always been waiting
Waiting at the end of time for you
And you'll be too, yea
The suffering's here, the wait is gone
 The streets are filled with a hollow song
 Empty world of listless night
I pray to thee, I suffer blind
Waiting at the end of time for you
 You'll be too, yea
 Lost your soul
 Doomed and cold, yea
 Lost your soul
Doomed and cold, yea alright
Waiting at the end of time for you
 You'll be too, yea
 Lost your soul
 Doomed and cold, yea
 Lost your soul
Doomed and cold, yea
 Lost your soul
 Doomed and cold, yea
 Lost your soul
 Doomed and cold, yea
