Love Is Strong

Shelby Lynne

This love I feel is strong-oh
This love I feel is strong
It's like I'm newly born
And any sign of weakness it won't last for long
Love is strong, yeah
This love I feel is strong, yeah
This love I feel is strongI thought I knew it all
It's clear my reservations have been proven wrong
'Cause love is strongIn the music hall they're singing from the rafters
All the lights downtown they shine for us
Waterfalls of laughter we are traveling on
Stardust, stardustOh this love I feel is strong
Yeah this love I feel is strong
It's like I'm newly born
And then my reservations have been proven wrong
Love is strongThis love I feel is strong, oh
This love I feel is strong
This love I feel, the love I feel is strong,
This love I feel is strongThis love I feel is strongIn the music hall they're singing from the rafters
All the lights downtown they shine for us
Waterfalls of laughter we are traveling on
Stardust, stardustThis love I feel is strong, yeah
This love I feel is strong
It's like I'm newly born
my reservations have been proven wrong
Love is strong, yeah
