

# Let Love In

## Goo Goo Dolls

You wait  
Wanting this world to let you in  
And you stand there  
A frozen light in dark and empty streets And you smile  
Hiding behind a God-given face  
And I know you're so much more  
Everything they ignore is all I need to see And you're the only one I ever believed in  
The answer that could never be found  
The moment you decided to let love in And now I'm banging on the door of an angel  
The end of fear is where we begin  
The moment we decided to let love in I wish  
Wishing for you to find your way  
And I'll hold on for all you need  
That's all we need to say And I'll take my chances  
While you take your time with this game you play  
But I can't control your soul, you need to let me know  
You leaving or you gonna stay? And you're the only one I ever believed in  
The answer that could never be found  
The moment you decided to let love in And now I'm banging on the door of an angel  
The end of fear is where we begin  
The moment we decided to let love in There's nothing we can do about  
The things we have to do without  
The only way to feel again  
Is let love in There's nothing we can do about  
The things we have to live without  
The only way to see again  
Is let love in You wait  
Wanting this world to let you in And you're the only one I ever believed in  
The answer that could never be found  
The moment you decided to let love in And now I'm banging on the door of an angel  
The end of fear is where we begin  
The moment we decided to let love in  
The moment we decided to let love in  
The moment we decided to let love in
