

New Casablanca

Shivaree

Please take me out of here
So we can have a ball
I've been tied up
My face against the wall Who's got trouble, we've got trouble
Go ahead make mine a double
I do declare I'm in a state
And I just can't wait Please take me out of here
My handsome buckaroo
Wait until I get
My hands all over you Who's unhappy, we're unhappy
Get my coat and make it snappy
I do declare I'm in a state
And I just can't wait I'm under the bed
You're over the moon
And it won't be over easy
But it could be over soon Please take me out of here
Do like your daddy do
Wait until I get
My hands all over you
