

This Is Love

Rbd

It's so magical
How simple it can be
For this love
For this sweetest love It's so simple
And so easy when you know
Who you love
Who you really love Is this real or is it a game?
It's strong enough but everything has changed Is it love? It is love
This is love and you can't break it
It is love, only love
This is love, you can't mistake it
This is love It's so simple
That there's nothing to explain
In this love
What else can I say? And I don't know how long
A love like this can last
But it feels
Like you're here to stay Is this real or is it a game?
It's strong enough but everything has changed Is it love? It is love
This is love and you can't break it
It is love, only love
This is love, you can't mistake it Is it love? It is love
This is love and you can't break it
It is love, only love
This is love, you can't mistake it
This is love Is it love? It is love
This is love and you can't break it
It is love, only love
This is love, you can't mistake it This is love? It is love
This is love and you can't break it
It is love, only love
This is love, you can't mistake it
This is love
