

Soda Pop

John Fogerty

[Chorus: x2]

Soda Pop, Soda Pop,
Everybody want to make it to the top.
Everybody want to make it to the top.
Everybody want to make it to the top.
Everybody want to make it to the top. Take a million dollars, baby,
Put it in my hand,
Put my favorite retouched photo
On the soda can.
Put my face on television,
Say my name a lot, (lot lot lot)
Show your cola in every household,
Give it all you got,
Better strike while the iron's hot. [Chorus] There's a generation out there,
Waitin' to be tapped,
If we play our cards right, baby,
We'll be sittin' fat.
Play a little rock 'n roll music,
Tease 'em with a tune,
Show a couple a old time pictures
From the baby boom,
An' suck 'em in while I croon. [Chorus: x3] Gimme that, gimme that, money, money, money
