

Last Night (Vegas)

Breathe Carolina

I'm waking up outside,
Everybody passed out on the floor,
Last thing I remember,
Was the girl next door,
Somebody call my phone,
So I can figure out the shit I've done,
Still drunk, so what?
Why stop when the morning comes?

[Chorus]

Last night we were dancing on the table,
Swinging from the chandelier singing hey oh,
Last night they had to shut the whole place down,
So we took it to the boulevard,
If I could remember,
Last night,
Wish I could remember,
The time of my life, alright,
I can't wait for the night to be,
Like last night

Last night was the prequel,
But tonight is the sequel,
Getting hot off the lights,
This is life,
This is what I do,
I'm feeling deja vu,
Strangers telling me that I love you,
Fuck it, I don't know why,
But I love you too,

[Chorus]

Say what you want, say what you want,
Fuck what you say cause we having fun,
Every where we go you already know, know,
And I won't stop about anything,
Run your mouth if you want 'cause we don't care what you say,
We don't care what you say

[Chorus]
