

Follow You Like Smoke

Elizabeth Cook

Id stick to you like glue if I was able to
Cling to you like vine, if youd just say thats fine
Hold you in my arms, and I would never tire
Follow you like smoke from a fire
Id never run away, at your side Id stay
Wont leave you alone, if youll just call my phone
Always be around, if you just so desire
Id follow you like smoke from a fire
I aint got much cash, but Im a smoldering ash
Burning up for you, nothing I can do
If I didnt say, I would be a liar
Id follow you like smoke, from a fire
Id follow you like smoke, from a fire
