

# Thin Air

## Merchandise

I can't keep up, you're  
moving too fast,  
Deep holes and darkness,  
these things will pass.  
Dark times and strange places where...  
When I came to see you  
you had nothing to say,  
I stood right beside you,  
you turned the other way,  
I reached out to hold you  
and found nobody there,  
You turn into air.  
Trust me, I want you  
just as you are,  
Don't change the things you do,  
just stay as you are.  
Dark times and strange places where...

When I came to see you  
you had nothing to say,  
I stood right beside you,  
you turned the other way,  
I reached out to hold you  
and found nobody there,  
You turn into air.  
(Instrumental break)  
Dark times and strange places where...  
When I came to see you  
you had nothing to say,  
I stood right beside you,  
you turned the other way,  
I reached out to hold you  
and found nobody there,  
You turn into air.
