

Breezy

The Kit Kats

Breezy, that's the way you move and that's the name they call you
Breezy, your poetic groove moved me when I first saw you.

Got me in a spin, that girl has got me in a spin.
Sad the shape I'm in, when we're apart it makes the day seem dim

Breezy, got to make you mine, make you my very own.

Got to find a way to capture my Breezy girl
Breezy breezes by me and sets my heart awhirl
All that I can see, I see when she is there with me
And when she's standing there with me, my heart is locked up with her key
Locked up with her key and though she holds the key it pleases me, pleases me.

Breezy, you're so lovable, making me lose my mind!

I love you, oh Breezy girl, I love you, oh Breezy girl
I love you, oh Breezy girl, I love you, Oh Breezy girl

(repeat and fade)
