

All I Can Grab

OFF!

Cut you a deal
In a power grab
Juggling knives
Behind your back Reach out
Shake my hand
Upping the ante
Betrayal of man I'll take
You can't have
I'll take
All I can grab Meet me next to
The rubbish heap
Where I'm as good
As the friends I keep
Get burned
By a mound of snow
Suit doesn't fit
High on control
I'll take
You can't have
I'll take
All I can grab Victim statistic
In a world of shit
Carve a deal
Too thin to stick
All by design
I'll take what's mine
First your money
Then your mind
I'll take
You can't have
I'll take
All I can grab
