

# Something To Talk About

## Badly Drawn Boy

I've been dreaming  
Of the things I've learnt  
About a boy who's bleeding  
Celebrate to elevate  
The joy is not the same  
Without the pain, ooh  
Ipso facto  
Using up your oxygen  
You know I'm shallow  
Calling out for extra help  
You've got to let me in  
Or let me out  
Ooh, something to talk about  
Ooh, something to talk about  
Ooh, ooh, ooh  
I've been dreaming  
Of the things I learnt  
About a boy who's leaving  
Nothing else to chance again  
You've got to let me in  
Or let me out  
Ooh, something to talk about  
Yeah, something to talk about  
Ooh, ooh, ooh
