One Step Ahead

Split Enz

One step ahead of you Stay in motion, keep an open mind

Love is a race won by two

Your emotion, my solitudeIf I stop I could lose my head

So I'm losing you instead

Either way I'm confused

You slow me down, what can I do? There's one particular way I have to chooseOne step ahead of you

Always someone makes it hard to move

She says," Boy I want you to stay"

But I save it all for another dayIf I stop I could lose my head

But I'm ready for romance

Either way I'm confused

I don't know what I'm supposed to doI can only stay one step ahead of youStop, I confess sometimes

I don't know where am I goin'

Part of me stays with you

I'm slowing down, what can I do?It's hard to stay one step ahead of youOne step ahead of you

Time is running out, catching up with you

One step ahead of you

When I hold you close, can I really lose? One step ahead, only one step ahead She's one step ahead of you
