

(A Higher Form Of) Killing

Pitchshifter

What do I know, what do I know?
I, never look back, never look back, no
Stick it in me, stick it in me
I, what do I see, what do I see now Get it in me, get it in me
I never think back, never think back, no
Nutrient free nutrient free
I feel it in me feed it in me now Emotion free, emotion free
I never look back, never look back, no
No part of me, no part of me
I on with the spree, on with the spree now What do we do, what do we do?
I never think back, never think back, no
Purify me, purify me
I want to be free, want to be free now What do I know, what do I know?
I never look back, never look back, no
Stick it in me, stick it in me
I what do I see, what do I see now
