Killed By the Cross

Nunslaughter

Nuns in the church living like whores
Spreading disease with their cancerous sores
Begging and pleading for a buck
When all they want from you is a fuck
Pay the church to lift your sins
You'll soon die in a coffin
Ripping the Flesh from the victims bones
No one can help you your all aloneYou've been killed by the crossDrink the blood of the lamb
Invert the holy cross
I kill the innocent
To please him and me
