It's Like We Never Said Goodbye

Crystal Gayle

I was sure I'd lost my chance forever
I never dreamed we'd ever meet again
Now here we are alone once more together
Doin' all the lovin' things we used to do back thenIt's like we never said goodbye, love
You're just a little shy, love
But you sure remember how to make me smileA different bed, a different ceilin'
But still that same old feelin'
As I hold you close, I almost wanna cry
'Cause it feels just like we never said goodbyeIt's good to hear you talk about the old time
It's good to hear your sweet voice once again
Right now all I wanna do is touch you
And feel the love start happenin' the way it happened thenIt's like we never said goodbye, love
We're both a little shy, love
But you sure remember how to make me smileA different bed, a different ceilin'
But still that same old feelin'
As I hold you close, I almost wanna cry
'Cause it feels just like we never said goodbyeIt's like we never said goodbye, love
We're both a little shy, love
But you sure remember how to make me smileA different bed, a different ceilin'
But still that same old feelin'
As I hold you close, I almost wanna cry
'Cause it feels just like we never said goodbye
