Lost in Rio

Carl Kennedy & Joel Edwards

Letâ€™s ride the storm back to the shore
Come to my world so we can fall
When will I see you again?

Donâ€™t let the tears fall from your eyes
Trust me like angels we can fly
When will I see you again?

I see you again?
Again? Again? Again?

When will I see you again?
Youâ€™re on a heartbeat away
From me

When will I see you again?
Youâ€™re on a heartbeat away from me
From me

You know that I always try to be
Devil was always inside of me
When will I see you again?

One day I hope youâ€™ll see the light
Iâ€™ll take the darkness from your night
When will I see you again?

Woah, woah, woah, woah woah

When will I see you again?
Youâ€™re on a heartbeat away
From me

When will I see you again?
Youâ€™re on a heartbeat away
From me

When will I see you again?
