

# Night of the Long Knives

[AC/DC](#)

Who's your leader, who's your man?

Who will help you fill your hand?

Who's your friend and who's your foe?

Who's your Judas, you don't know? Night of the long knives Where's that saviour, where's that light

When you're praying for your life?

Who's that fighting back to back?

Who's defending whose attack? Night of the long knives (Stick 'em in the back woods) Night of the long knives
