

All I've Ever Needed

Nikki Reed & Paul McDonald

[My bed sheets, feel empty
When your, not home
Your heart beat, helps me sleep
Your breath, soothes my soul]Baby you're [all]
Baby you're [all]
Baby you're [all I've ever needed]
You're all I've ever needed[I love you, more than I knew
I could ever, love someone
I got it all so deep, I can barely even breathe
If I need A shelter, from the storm.Baby you're [all]
Baby you're [all]
Baby you're [all I've ever needed]
x2*Oooooooh*
Every promise I made
Oooooooh
Has led us up to this day
Oooooooh
Please remember my love
Oooooooh
When you've forgotten your way*Oooooooh*
And this ache in my heart
Oooooooh
Makes me want to stand tall
Oooooooh
I let them take me down
Oooooooh
What if this isn't my fault
Tell me it's not my fault
Tell me it's not my fault[Baby you're all
Baby you're all
Baby you're all I've ever needed]
x2Your all I've ever needed[I Love you, more than I knew
I could ever, love someone]Baby you're [all]
Baby you're [all]
Baby you're [all I've ever needed]
