Condemned

Dead By Sunrise

Happiness for misery, I want it
Cut me up and leave me for dead
Sacrifice a simple life, no return
Kiss the wife and kids goodbye for goodCome on, beat me
I'm not a man
Go on and kill me
CondemnedUse me as a chemical, I'm burning
Love me like a suicide, come in
Treat me like an animal, I like it
Put me on my leash again, your pet
Suck the soul right out of me, don't need it
Happiness for misery, dig inCome on, beat me
I'm not a man
Go on and kill me
Condemned, damnedCondemnedHappiness for misery, I want it
Cut me up and leave me for dead
Sacrifice a simple life, no return
Kiss the wife and kids goodbye for goodCome on beat me
I'm not a man
Go on and kill me
Condemned, damnedCondemned
Condemned
Condemned
Condemned
