

# Condemned

## Dead By Sunrise

Happiness for misery, I want it  
Cut me up and leave me for dead  
Sacrifice a simple life, no return  
Kiss the wife and kids goodbye for good  
Come on, beat me  
I'm not a man  
Go on and kill me  
Condemned Use me as a chemical, I'm burning  
Love me like a suicide, come in  
Treat me like an animal, I like it  
Put me on my leash again, your pet  
Suck the soul right out of me, don't need it  
Happiness for misery, dig in  
Come on, beat me  
I'm not a man  
Go on and kill me  
Condemned, damned Condemned Happiness for misery, I want it  
Cut me up and leave me for dead  
Sacrifice a simple life, no return  
Kiss the wife and kids goodbye for good  
Come on beat me  
I'm not a man  
Go on and kill me  
Condemned, damned Condemned  
Condemned  
Condemned  
Condemned
