## **Condemned**

## **Dead By Sunrise**

Happiness for misery, I want it
Cut me up and leave me for dead
Sacrifice a simple life, no return
Kiss the wife and kids goodbye for goodCome on, beat me
I'm not a man

Go on and kill me

CondemnedUse me as a chemical, I'm burning

Love me like a suicide, come in

Treat me like an animal, I like it

Put me on my leash again, your pet

Suck the soul right out of me, don't need it

Happiness for misery, dig inCome on, beat me

I'm not a man

Go on and kill me

Condemned, damnedCondemnedHappiness for misery, I want it

Cut me up and leave me for dead

Sacrifice a simple life, no return

Kiss the wife and kids goodbye for goodCome on beat me

I'm not a man

Go on and kill me

Condemned, damnedCondemned

Condemned

Condemned

Condemned
