Rocks Off

Honky Toast

I see you're trying to get my socks off-
You just wanna get your rocks off.
I see you're trying to get my socks off-
You just wanna get your rocks off.
I see you're trying to get my socks off-
You just wanna get your rocks off.
I see you're trying to get my socks off-
You just wanna get your rocks off.
If you want to get your rocks off, ohh.
If you want to get your rocks off, ohh.

If you want to get your rocks off, ohh.
If you want to get your rocks off, ohh.
I see you're trying to get my socks off-
You just wanna get your rocks off.
I see you're trying to get my socks off-
You just wanna get your rocks off.
I see you're trying to get my socks off-
You just wanna get your rocks off.
I see you're trying to get my socks off-
You just wanna get your rocks off.
