

Save My Way

Shy'm

I don't wanna be loved no more,
I'm sick and tired.
I can't see my face no more
In the mirror.
I'm stuck in my way
And it's killing me softly,
Caught up every day
Like in a penitentiary.
A good girl gone bad, so sad
What a bad feeling!Save my way to heaven,
Save my way to heaven,
Save my way to heaven,
Save my way to heaven.I don't wanna be loved no more,
(I don't wanna be loved no more)
'Cause love hurts,
It might hurt you more than me,
I miss you, can't you see?
Stay away from me,
Stay the Hell away from me.
Save my way,
I'm stuck in my way
And it's killing me softly,
Caught up every day
Like in a penitentiary.
A good girl gone bad, so sad
What a bad feeling!Save my way to heaven,
Save my way to heaven,
Save my way to heaven,
Save my way to heaven.I don't wanna be loved no more,
I'm sick and tired.
I can't see my fucking face no more
In the mirror.
I'm stuck in my way
And it's killing me softly,
Caught up every day
Like in a penitentiary.
The good girl and the bad, so sad
What a bad feeling!Save my way (Save my way),
Caught up every day (Save my way),

Save my, save my (Save my way),
Save my way to heaven (Save my way),
Save my way to heaven (Save my way),
Save my way,
What a bad feeling!
Save my way.
