

# She Is My Everything

John Prine

She is my everything  
From her sun tanned shoulders  
Down to the freckles on her wedding ringHer feet is so warm  
They can melt the snow in the early spring  
She is my everythingShe goes everywhere  
From Copenhagen to makin' eggs and bacon  
Down in Jackson SquareId like to drive a Cadillac  
The color of her long black hair  
She goes everywhereKisses that come all the way from China  
Kinda remind her of memories of Spain  
If I get lost, you can always find her  
Standing right beside me in the rainShe uses the Eveready  
Batteries to keep her electrical  
Appliances going steadyShe can do 14 things at once  
And then her phonell ring  
She is my everythingShe knows everybody  
From Muhammad Ali to teaching Bruce Lee  
How to do KarateShe could lead a parade  
While puttin' on her shades in her Masaratti  
She knows everybodyKisses that come all the way from China  
Kinda remind her of memories of Spain  
If I get lost, you can always find her  
Standing right beside me in the rainShe is my everything  
When she wakes up in the morning  
Thats when the birdies start to singWhen I hear her voice  
Ill tell you boys, I forget everything  
She is my everything  
She is my everythingWatch out
