

# Rattlesnake Shake

## Rattlesnake Guitar

Tricky little Vicky walks along South Street  
She learned her French from the boys that she'd meet  
I gotta laugh when I hear them say  
She's a sweet little cheese when the cat's away  
I know what you been trying  
What you got ain't worth buying  
Can't make living working door to door  
Shake, shake, shake it like a rattlesnake  
Boom, boom baby out go the lights  
Shake, shake, shake it like a rattlesnake  
Staying up late doing the rattlesnake shake  
Juicy Miss Lucy always diggin' on junk  
She's on the corner talkin' trash with the punks  
Her buried treasure is so easy to see  
'Cause talk is cheap and so is she  
You're lost in search of passion  
(But) Prince Charming ain't in fashion  
So let it bleed if you wanna stay  
Shake, shake, shake it like a rattlesnake  
Boom, boom baby out go the lights  
Shake, shake, shake it like a rattlesnake  
Staying up late doing the rattlesnake shake  
Shake, shake, shake it like a rattlesnake  
Boom, boom baby out go the lights  
Shake, shake, shake it like a rattlesnake  
Staying up late doing the rattlesnake shake  
Shake, shake, shake it like a rattlesnake  
Boom, boom baby out go the lights  
Shake, shake, shake it like a rattlesnake  
Staying up late doing the rattlesnake shake
