

# All Good Things

Mandy Moore

All good things  
All good things  
All good things Not sure where to go  
Everybody I know  
Says I'm too forgiving  
And now that I'm gone  
I don't wanna move on  
I just keep reliving All good things  
I wish you  
All good things  
Come to an end  
All good things  
I wish you well Lost inside of my head  
Empty side of the bed  
I feel this place without you  
I keep pushing the blues  
'Cause I know I don't wanna lose  
What I loved about you All good things  
I wish you  
All good things  
Come to an end  
All good things  
I wish you well I can think of a million ways  
You proved you weren't the one, baby  
So live inside of your shades of grays  
And never mind the sunshine  
That I'll find... I got so much space now  
I've got a whole house  
With the wind blowin' through  
It's only somewhere to hide  
I've got this whole world inside  
I was accustomed to showing you All good things  
I wish you  
All good things  
Come to an end  
All good things  
I wish you well Oh All good things...  
Oh oh  
All good things

Oh oh, oh oh  
All good things...  
Oh I wish you well...
