

# Fits Ya Good

**Bryan Adams**

Waiting here, for the workin' day to end  
Five o'clock, and those walls, just movin' closer  
You get home so down and worn out, it's understood  
Yeah fits you good  
Oh fits you good  
Yeah fits you good Was a time, yeah, you were bringin' me down  
But I know, oh it's just the way you look at life, yeah  
But you don't know like I know, baby, I did all that I could  
Now it fits you good  
Oh fits you good  
Yeah fits you good, oh baby But you don't know, whoa no, I did all that I could  
Now it fits you good  
Oh fits you good  
Yeah fits you good  
Oh fits you good It fits you good  
It fits you good  
It fits you good  
It fits you good  
It fits you good, whoa whoa yeah
