Local Vengeance Killing

Living Sacrifice

For the cause. My trial. My judgement. My retribution.
A new machine leaving all behind.
Fill the space inside. Shoot to kill the wounded.
Mercy will only complicate.
You fail to qualify. It's only personal. Just being...
The calloused tongue.
Brace yourself like a man.
My aim is precise. Armed with my own failures. The cost of being you.
My aim is precise. My retributionA new machine. A new machine.
