

Why They Call It Falling

[Lee Ann Womack](#)

It's like jumpin'
It's like leapin'
It's like walkin' on the ceilin'
It's like floatin'
It's like flyin' through the airIt's like soarin'
It's like glidin'
It's a rocket ship you're ridin'
It's a feelin' that can take you anywhereSo why they call it fallin'?
Why they call it fallin'?
Why they call it fallin'?
I don't knowThere was passion
There was laughter
The first mornin' after
I just couldn't get my feet to touch the groundEvery time we were together
We talked about forever
I was certain it was Heaven
We had foundSo why they call it fallin'?
Why they call it fallin'?
Why they call it fallin'?
I don't knowBut you can't live your life
Walkin' in the clouds
Sooner or later
You have to come downIt's like a knife
Through the heart
And it all comes apart
It's like someone takes a pin to your balloonIt's a hole
It's a cave
It's kinda like a grave
When he tells you that he's found somebody newAnd why they call it fallin'?
Why they call it fallin'?
Why they call it fallin'?
Now I knowWhy they call it fallin'?
Why they call it fallin'?
Now I know
