Stay Hungry

Talking Heads

I think that we signify our love now
Oh girl, you can initiate an impulse of loveWe stay, we stay, we stay hungry
Move a muscle, move a muscle, move a muscle
Make a motion, make a motion, make a motion
Pull it tighter, pull it tighterDouble beatin', double beatin', double beatin'
Double beatin', double beatin', double beatin'
Palpitation, palpitation
Stay hungry, stay hungryHere's that rhythm again, here's my shoulder blade
Here's the sound I made, here's my shoulder blade
Here's that rhythm again, here's my shoulder blade
