

Butterflies (Wideboys Radio Edit)

Kamaliya

You know I want
I want it so bad
I can't control it
Can you take that

Now boy you ready or not

You better keep up, you gotta keep up, up, up, upI need your touch on my skin

I want it tonight

Tell me your secret, I'll keep it

And you can have mine

So put your hand on your heart

And I'll do my part, and I'll do my partBaby all we got is right now

I know we're gonna make it somehow

If even only for just one night

Chasing butterflies, butterflies

Holding on until the sunrise

Kept alive by the moonlight

Never thought that we could get so high

Chasing butterflies, butterflies -- chasing butterfliesThe music's fuel to the flame

Our motivation

We're calling out to the world and to every nation

Let's come together as one -- now we can make it

Yeah we can do it
