

Madsexy

Ian Guerin

lyrics

This bed wasn't made for me to sleep all alone
This bed wasn't made to see no action at all

They say this addiction of love
Can't be no good for my soul
But my bed don't agree she says she wants you in

All that you show I love say "oh" you drive me crazy
Like beats and drinks in clubs together we're madsexy
All that you show I love, you are the most amazing
The best flirt
The best girl
Bestest in general

Back, back it, back it
I'm going back, back it, back it for more
We're madsexy and we rock
Back, back it, back it
I'm going back, back it, back it for more
We're madsexy and we rock

Wake up at night and I don't seem to know why
So I Log in to see if you are online
They say this addiction to nights
Is sick that I'm just a vampire
But truth is I'm here just for the height

All that you show I love say "oh" you drive me crazy
Like beats and drinks in clubs together we're madsexy
All that you show I love, you are the most amazing
The best flirt
The best girl
Bestest in general

Back, back it, back it
I'm going back, back it, back it for more
We're madsexy and we rock
Back, back it, back it
I'm going back, back it, back it for more

Weâ€™re madsexy and we rock

Cause weâ€™re madcrazy & we rock

(Cause I think youâ€™re amazing & I think youâ€™re cool but I donâ€™t know if I want you ven y besame la boca)

You got me feeling off the wall

(Cause I think youâ€™re sexy & I think youâ€™re hot now I know that I want you ven y besame la boca)

If you rock put your hands in the air

If you rock put your hands in the air

If you rock put your hands in the air

If you rock put your hands in the air

If rockâ€™

Back, back it, back it

Iâ€™m going back, back it, back it for more

Weâ€™re madsexy and we rock

Back, back it, back it

Iâ€™m going back, back it, back it for more

Weâ€™re madsexy and we rock
