

# Fire

## Jaden Smith

[Hook: Jaden Smith]

If the party on fire then I prolly lit the match  
MSFTS my burr and you jokers ain't a match  
Scratch, scratch, shkrrrr, man I call that Jazzy Jeff  
'Less you with Republic, then I play you to the left[Verse]  
You need a disclaimer, just because these jokers famous  
Doesn't mean when they get reckless that they don't be actin' brainless  
You forgettin' I don't even have my license  
Cops still pull a joker over cause he light skinned  
I ain't really with the wifin'  
I just chill with Te-o, baby don't forget the hyphen  
All nightin', sight seein' errday  
I buy a pair of Js just so I can scare the day away  
I could care less what the sheriff say  
I got a pair of shades and now I'm duckin' from the Paris maid  
Probably catch me in a taxi  
With some khakis and a cap, I'm tryna run so they don't catch me  
Yeah, I'm tryna run so they don't catch me  
And you think I got the [?], I'm never lookin' flashy  
Dang he never lookin' flashy, rappin' circles 'round these jokers  
Man you way too freakin' corny, tag a Urkel on these jokers[Bridge]  
Man I'm trappin' like a hot boy  
All my failures crush your successes  
Got me flippin' like a skateboard  
Get off me, I'm on that next ish[Hook]x2[Bridge]
